The Two Universal Constants encoded in Gen 1.1 and John 1.1

The two universal constants known to science and mathematics are the well known one called $\pi = \pi$, $3.142... \approx 22/7$ and the not so well known one of Exponentiation called 'e': 2.718. π first appears as the ratio of the diameter of a circle to its circumference $C = \pi D$ or $2\pi r$.

This constant is used to calculate the Area of Circle and the Surface Area and the Volume of a Sphere. Its use is truly universal in Physics and other branches of Science. For example, a few formulae are,

$$0 = e^{i\pi} + 1 \quad \text{Pure Maths}$$

$$f_0 = 1 / 2\pi \sqrt{LC} \quad \text{Electrical Theory}$$

$$\text{Force on a Planet} = 4\pi^2 m r / T^2 \quad \text{Gravitation theory}$$

Any Science that involves 2 or 3 dimensional space or solid materials, which is virtually everything, will always involve π .

The other universal constant is involved throughout Science and Mathematics. It was first discovered in the 16th century and is associated with exponential growth. It is found in quantitative science and technology obeying the law of the form $y = Ae^{kt}$.

It is not always realised by both teachers and students just how important this constant is.

Here are some formulae that uses e .

$$x = Ae^{kt} \quad \text{Wave Equation}$$

$$A(x) = x / \text{Log}_e x \quad \text{Distribution of Prime numbers}$$

$$Q(t) = Qe^{-t/RC} \quad \text{Electrical theory}$$

$$e^{ix} = \cos x + i\sin x \quad \text{Pure Mathematics} \quad i = \sqrt{-1}$$

Now why are we discussing these constants as regards the issue of Creation and Evolution? Special Creation by God is the answer given by the Bible of why we are here on Earth.

First we have to establish the true value of both these constants.

1. This paper is taken from the book 'A Proof Set in Stone' obtainable from the author Dr Peter Bluer, 15 Patchcroft Rd, Wythenshawe, Manchester, M22 5JG. The Author is indebted to Vernon Jenkins, Bevan Williams and Ian Strachan for their discovery of some of these symmetries and the numerical constants.

The ancients did not know that **e** existed and had difficulty arriving at a true value of π , but today we know the true value of π to many millions of places of decimals. We know the value of **e** from the time when it was first discovered.

Now what does the Bible say about these two constants? Quite a lot and the values will be shown to be within 0.001% of the true values in both cases.

Because these **Constants** are 'Irrational' Numbers in the same way as $\sqrt{2}$ is, it is not possible that the Biblical method of calculating the values can be exact.

This is **even true** for the mathematical formulae that mathematicians use..

Firstly both the Hebrew and Greek alphabets have an unusual phenomena in that not only are they letters that spell words but each letter has a numerical value that was decided in about 200 BC.

The Table shows the values.

The Scripture in Gen 1.1 says 'In the beginning God created the Heavens and the Earth' and

John 1.1 says 'In the beginning was the Word and the Word was with God and the Word was God'

It is the **numeric values** of these two sentences that provide the answer.

Below is Gen 1.1 with the necessary values applied from the table of values. It must be remembered that Gen 1.1 was **written thousands of years ago** at the very dawn of history. The following analysis is truly amazing.

It is hardly believable, but I must say the **facts** are written in Scripture in the same manner as a **name engraved in Stone**. Now for the formula!

Apply this most intriguing formula to the

Gen 1.1 and John 1.1. First to Gen 1.1

Gen 1.1

$$\pi = \frac{\text{The number of letters} \times \text{the product of the letters}}{\text{The number of words} \times \text{the product of the words}}$$

בראשית ברא אלהים את השמים ואת הארץ

90,200,1,5 400,1,6 40,10,40,300,5 400,1 40,10,5,30,1 1,200,2 400,10,300,1,200,2
296 + 407 + 395 + 401 + 86 + 203 + 913 = 2701

Earth the and Heavens the - God created beginning the In

28 (letters) x 90 x 200 x 1 x 5 x 400 x 1 x 6 x 40 x 10 x 40 x 300 x 5 x 400
x 1 x 40 x 10 x 5 x 30 x 1 x 1 x 200 x 2 x 400 x 10 x 300 x 1 x 200 x 2

we have the following value

28 x 23887872,000,000,000,000,000,000,000,000,000

This can be expressed as **28 x 2.3887872 x 10³⁴**

Then **7 (words) x 913 x 203 x 86 x 401 x 395 x 407 x 296**
which gives **7 x 304,153,525,784,175,760**

This can be expressed as **7 x 3.04153525784175760 x 10¹⁷**

This is the same decimal string of the digits in **π**

$$\pi = \frac{28 \times 2.3887872}{7 \times 3.0415352578417576} = 3.1416...$$

Standard form format

We now apply the same formula to **John 1.1**

John 1.1

$$e = \frac{\text{The number of letters} \times \text{the product of the letters}}{\text{The number of words} \times \text{the product of the words}}$$

52 (letters) x 5 x 50 x 1 x 100 x 600 x 8 x 10 x 8 x 50 x 70 x 30 x 70 x 3
x 70 x 200 x 20 x 1 x 10 x 70 x 30 x 70 x 3 x 70 x 200 x 8 x 50 x 80 x
100 x 70 x 200 x 300 x 70 x 50 x 9 x 5 x 70 x 50 x 20 x 1 x 10 x 9 x 5 x
70 x 200 x 8 x 50 x 70 x 30 x 70 x 3 x 70 x 200

We have the following calculation:

52 x 843,625,145,625,911,083,008,000,000,000,000,000,000,000,000,000,000,000,000

This can be expressed as **52 x 8.43625145625911083008 x 10⁷⁵**

17 (words) x 55 x 719 x 58 x 70 x 373 x 31 x 70 x 373 x 58 x 450 x 420

Expressed as 17 x 9.4930224139983918429785786976 x 10³⁵

The value of *e* is derived as for π after stripping the constants of their surplus zeroes and using the constants in their standard form format:

This string of digits are the same as the constant '*e*'

$e = \frac{52 \times 8.43625145\dots}{17 \times 9.49302241\dots} = 2.718\dots$ <p style="text-align: right; margin-right: 100px;">Standard form format</p>

This is one thousandth of 1% accuracy.

[and the scripture cannot be broken John 10.35],

To now consider the accuracy to 7 millionths of a unit we will take the

	Mathematical value	Biblical value
π =	3.141592654...	3.141554508...
<i>e</i> =	2.718281828...	2.718312812...
Total sum =	5.859874482...	5.859867320...

The absolute error = 0.000007 or 1 Ten Thousandths of 1%

That these two major constants that appear throughout the Creation and they are both derived from Gen 1.1 and John 1.1 These two verses contain the major truths of Creation from Judaism and Christianity.

I cannot emphasize too much just how this Exponential Constant and its inverse the logarithm describes the physical Universe in which we live.

This constant has only being discovered and developed in the last 4 centuries, the Ancients new nothing of it yet it is explicit in John 1.1, written 2000 years ago by the same format as Gen 1.1.

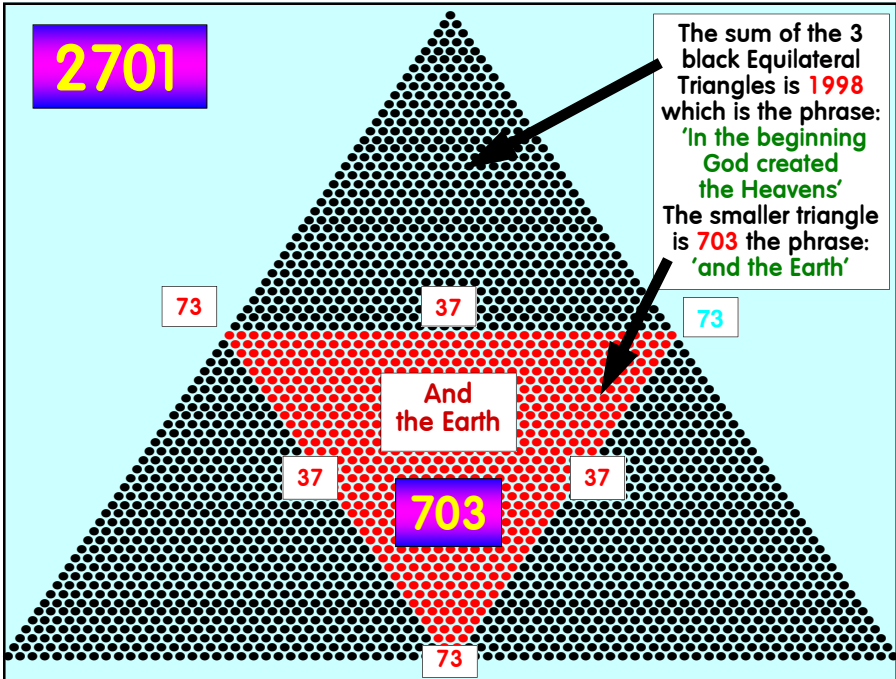

How did John in his gospel know this 2000 years ago ?

Did he study Genesis and realised that **p** was encoded and then he secretly knew this exponential constant and decided to encode this in his writings ?

This whole notion is preposterous and the **real truth** is that **God inspired him to write these profound words !**

If we drop one letter the constants are destroyed so it shows that the **actual text has been preserved** by the providence of God.

Gen 1.1 can be displayed in **Numerical Geometry**

The triangle above has **2701 elements** with side lengths of **73 elements**, **2701** is the value of **Gen 1.1**, **2701** is the **73rd Triangular Number**.

The inscribed triangle has **703 elements** the value of **'and the Earth'** with side lengths of **37 elements**, which is **37th Triangular number**.

This triangle fits neatly in such a way as to section off **3 more Triangles** that have **666 elements** and side lengths of **36 elements**.

$$666 + 666 + 666 = 1998$$

Notice **the threeness** of the **Symmetry**, a sign of the **Triune God**.

Here are some further **Symmetries** of **Gen 1.1** which are outstanding.
 If we add together the odd positional values of the words,

$$913 (1) + 86 (3) + 395 (5) + 296 (7) = 1690 = 10 \times 169$$

The even positional values, $203 (2) + 401 (4) + 407 (6) = 1011 = 3 \times 337$

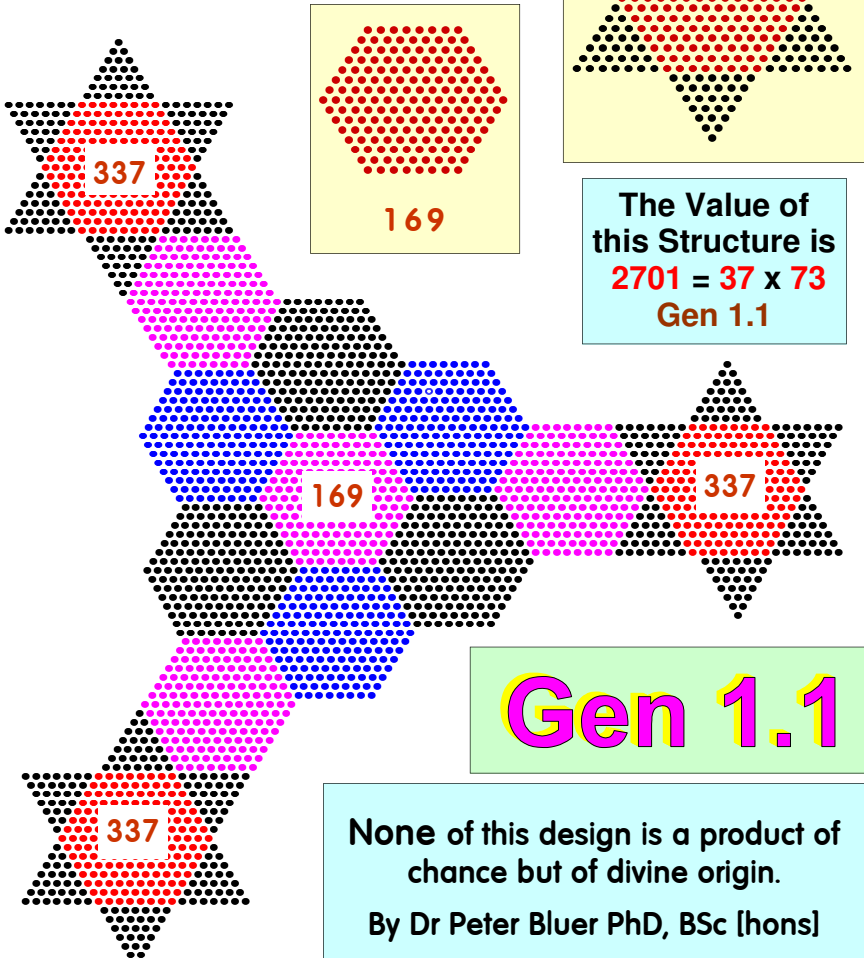

First the value **1690** is

10 times the **8th Hexagon** number (**169**).

$$1690 = 10 \times 169.$$

Also the second value **1011** is 3 times
 the **8th Hexagram** number (**337**)

$$1011 = 3 \times 337.$$

The Value of
 this Structure is
 $2701 = 37 \times 73$

Many people ask me why **373** ?

The number **373** is a very interesting value. From the look of it you can see it is a palindrome - that is, it reads the same value backwards as well as forwards. Looking again it will separate into **(37)3** or into **3(73)**.

And **73** is the reflection of **37**.

373 is the **74th** prime number. You might ask why is that so relevant ?

The value **74** is 2×37 and **74** is the neighbour of **73**.

Now it gets interesting !.

On investigation **37** is the **12th** prime number and **73** is the **21st** prime number and we can now observe that **12** and **21** are the reflections of each other in just the same way that **37** and **73** are reflections.

The neighbour of the value **373** is the number **374** which when separated gives **(37)4** and **3(74)** which is of course $3(2 \times 37)$.

Let us now find the product of $37 \times 73 = 2701$. Is this unusual ? Yes !

Finding the sum of **2701** and its reflection **1072** gives **3773**.

$$\text{Now } 3773 = 7 \times 7 \times 7 \times 11 = 7^3 \times 11 [3 \ \& \ 7]$$

All this from **373** is a strange phenomenon !

Upon examination of **2701** it is the **73rd** triangular number i.e. the sum of all the values of $1 + 2 + 3 + 4 \dots 36 + 37 + 38 \dots 71 + 72 + 73 = 2701$.

There many more results concerning these numbers **3** & **7** and it can be shown by algebra that only **3, 7** have these remarkable properties.

The question is where on earth did I get this starting number **373** ?

The answer is from the Bible.

2701 is the value of **Gen 1.1** and

373 is the value of 'Word' the name of **Jesus Christ**.

Now **Jesus** has the value $888 = 3 \times 8 \times 37$ and

Christ has the value of $1480 = 3 \times 5 \times 37$ Both multiples of **37**

The value of π can also be given as

The Name of the **Messiah (Christ)**

Word (**λογος**) = **30,70,3,70,200 = 373**

These words of **Genesis** were written by Moses **before**
the numeration of **the letters were known !!**

The numeration of the Hebrew came into existence in about **200 BC.**

John 1.1 is in **Greek**, **Gen 1.1** is in **Hebrew** a different language.

The Star of David has a history only from about 1000 BC.

It is very intriguing that a **Mathematic structure** such as
the Hexagram was chosen as **Israel's** national emblem.

**** Therein lies the clue that we have all missed ! ****

The structure of **the Hexagon** and **the Hexagram** was
discovered while proving by algebra that $37 \times 73 = 2701$ and also is the
73rd triangular number with **reflective** digits.

This is unique solution which uses the values of **3** and **7**.

$$\text{Gen 1.1 is } 37 \times 73 = 2701 \quad (703 + 1998)$$

$$\text{John 1.1 is } 39 \times 93 = 3627$$

Please note, both scriptures have reflective factors

$$2701 + 3627 = 6328 \text{ the } 112^{\text{th}} \text{ Triangular number.}$$

112 is the value of **LORD (26) + GOD (86) Hebrew.**

$$\text{JESUS} = (888 = 3 \times 8 \times 37) + \text{CHRIST} = (1480 = 5 \times 8 \times 37) = 2368$$

$$6328 \text{ is an anagram of } 2368 = 4^3 \times 37 \quad (888 + 1480)$$

$$\text{Gen 1.1 with the 5 words } 1998 = 2 \times 3^3 \times 37$$

The Hexagon can be viewed also as **a cube.**

The cubes shown are **3³** and **4³**

To recall, the value of **"The God"** **יהוה** is **91.**

Exploring the factor **91 = 7 x 13** we have

$$4^3 - 3^3 = 64 - 27 = 37 \text{ and its Reflection } 73 \text{ and } 73 \times 37 = 2701$$

$$4^3 + 3^3 = 64 + 27 = 91 \text{ and its Reflection } 19 \text{ and } 19 \times 37 = 703$$

The value **703 = " and the Earth "** is composed of **407 + 296 = 703**

if we now calculate $3^3 / 91 = 0.296703$ and $296703 = 3^3 \times 3^3 \times 407$.

with also $4^3 / 91 = 0.703296$ and $703296 = 3^3 \times 4^3 \times 407$.

The value **407 (11 x 37)** is the value of **the sixth word of Gen 1.1**

**These Structures show an origin not of man, but of God—because when
Gen 1.1 was written the numeric assignments were unknown.**

As we investigate further, these **Signatures 37 & 73** will keep re-occurring in these numerical structures.

For example concatenate the values **37 & 73** in this way as - **373**. Arranged as follows (**37|3** or **3(73)**).

What do we find ? **373** is the **74th Prime Number**.

74 is 2×37 and the neighbour of **73**.

Add the last two words [**6,7**] **407** + **296** = **703** (**7, 3**) and

$$703 = 111 + 373 + 219 \quad \text{gives the digits}$$

$$[37 \times 3] \quad [373] \quad [3 \times 73] \quad 373 - 373 - 373$$

Previously we had **3773** revealing $7^3 = 7 \times 7 \times 7 = 343$

343 also encodes **37** and **73**. How ?

$$3(43) = 3 \underset{(7)}{4+3} = 37 \quad (34)3 = \underset{(7)}{3+4} 3 = 73$$

This value **343** equals the sum of **two Hebrew words**

→ וַיֹּאמֶר אֱלֹהִים

In summary this number **2701** and its **Prime Number** product of **37 x 73** is most definitely **a very remarkable number**.

It is time, I think, that you should know what is the translation of these **7 Hebrew words**.

It is the sentence that the Astronauts read out from their Space Module. It is the most famous sentence known to man and it comes from the most ancient document we have.

It is from the first words of the Bible in **Gen 1.1**

Atheism

Remember the 7 values of Gen 1.1

Vanquished

Previously we learnt that these values sum to 2701

בראשית ברא אלהים את השמים ואת הארץ

296₇ 407₆ 395₅ 401₄ 86₃ 203₂ 913₁
Earth the and Heavens the - God created beginning the In

$$296 + 407 + 395 + 401 + 86 + 203 + 913 = 2701 = 37 \times 73$$

Just as 37 is the reflection of 73

$$2701 \text{ is the reflection of } 1072, \text{ then } 2701 + 1072 = 3773$$

Next index the 7 values to Primes in this way. What is the 913th Prime?

The Final result of the indexing of the 7 words of Gen 1.1 to Prime numbers with the result seems to me beyond Miraculous. I find this hard to believe every time I study this. It is like a Thunderbolt from Heaven

913th Prime No. = 7127
203rd Prime No. = 1237
86th Prime No. = 443
401st Prime No. = 2749
395th Prime No. = 2711
407th Prime No. = 2797
296th Prime No. = 1949
The Total Sum = 19013

This next item, Unbelievable. 703rd Prime No. is 5303. 2701st Prime No. is 24317. And between 5303 and 24317 there are exactly 19013 integers

Now 19013 is the 2161st Prime Number.

$$\text{We Reflect \& add } 2161 + 1612 = 3773 \text{ Just as } 2701 + 1072 = 3773$$
$$1612 = 2 \times 2 \times [13 \times 31] \text{ The Signatures of John 1.1} = 3 \times 3 \times [13 \times 31]$$

Remember these values are from Gen 1.1 Wow !!!

This incredible result is the work of the Master Mathematician our Father The connection between Prime numbers and the values of Gen 1.1 is truly phenomenal. Prime numbers are studied by Mathematicians as Primes are fundamental to Mathematics. This analysis shows the absolute "Proof Set in Stone" of the divine origin of the 7 words which Moses had written. He had NO KNOWLEDGE of the values of 7 words in Gen 1.1.

"In the beginning God created the Heaven and the Earth"

"He [Jesus] is the reflection of God's glory and

the exact likeness of his being" Heb 1.3 As 37 reflects 73

Finally the total of in Rev 1.1 "The Revelation from Jesus Christ, which God gave him ..." has the value 18865 and $2 \times 18865 = 3773 \times 10$!!

You should now watch the DVD advertised on the back cover or read the **Seven Unusual Numbers** booklet. This will give you the unassailable evidence that you need which proves that the Bible is indeed the true revelation to Mankind. It shows by Prime Numbers that the words in **Hebrew of Genesis 1.1 and the Greek words of John 1.1** are the exactly the right number of words and letters that there should be.

No more and no less !

Now what can we say about the Messiah - Jesus Christ ?

The Religions of Ancient Rome could not compete with the promise of the God of Israel - **the promise of Eternal life in the Kingdom of God** and with the entrance into his Kingdom having been paid for by the blood of His Christ - **His own Son.**

The Promise is the **free gift** of Eternal life.

You cannot work for it.

They said to Jesus,

" What must we do, to do the works of God ?"

Jesus answered them,

" This is the work of God, that you believe in him whom He has sent."

All the Prophets from Moses, Isaiah, Jeremiah never spoke like this Man !

The Prophets all confessed their Sins but this man never gave the slightest hint that he was a sinner, for in Christ the **" whole fulness of the Deity dwells bodily "**

Also He made the most amazing statements that no Prophet had ever uttered:

Jesus said to them

"you will die in your sins unless you believe that I am"
